HAMILTON COUNTY
SOIL & WATER
CONSERVATION DISTRICT

Cost Share Work Log

Use this sheet to track labor hours and personal equipment use.
Submit this log with your receipts or invoice at project completion.

Name	Date	# of hours	Labor performed (ex. planning, mulching, bush hogging, cut stump, driving, etc.)

Grant purchases should be made separately from any personal items so the receipt only contains items eligible for the grant. If you are unsure if an item is eligible to be covered via cost-share, please ask before purchasing or renting. You can also utilize the District's tool loan program.
