

Growing Soil Health Resources!

- Local Soil and Water Conservation Districts – iaswcd.org
Follow the Marion County SWCD on facebook! [Facebook.com/SoilHealthGarden](https://www.facebook.com/SoilHealthGarden)
- Cover Crop Seed and Native Seed and Plant Sources – There are too many cover crop and native sources to list, both locally and online. To ensure a good seed and plant source, discuss options with your SWCD.
- Managing Cover Crops Profitably Third Edition – Explores how and why cover crops work, and provides information needed to add cover crops into gardens. Free online pdf available.
<http://www.sare.org/Learning-Center/Books/Managing-Cover-Crops-Profitably-3rd-Edition>
- Crop Rotation on Organic Farms: A Planning Manual – An in-depth review of the applications of crop rotation – including improving soil quality and health, and managing pests, diseases, and weeds. Includes excellent charts and rotation strategies. Free online pdf available.
<http://www.sare.org/Learning-Center/Books/Crop-Rotation-on-Organic-Farms>
- Building Soils for Better Crops: Sustainable Soil Management – A practical guide to ecological soil management. Case studies of farmers provide inspiring examples of renewed soils. Free online pdf available.
<http://www.sare.org/Learning-Center/Books/Building-Soils-for-Better-Crops-3rd-Edition>
- No-till vegetables: harnessing the power of cover crops – Excellent case studies and research.
notillveggies.org
- Midwest Cover Crop Council: Cover Crop Decision Tools – Web-based systems to assist farmers in selecting cover crops to include in field crop and vegetable rotations. Useful for seeding windows.
